This Masterclass in the Imaging of Thoracic Neoplasms is a one-day workstation based teaching course. **Classrooms are limited to 20 delegates, each with their own computer.** The course will highlight the application of the new TNM (8th edition) staging system for lung cancer, the imaging assessment of pulmonary nodules, lung cancer screening using CT, and the imaging features of thoracic malignancies other than lung cancers.

- Mentored case-based learning of 35 – 40 cases
- Each case chosen to illustrate specific learning points
- Detailed workbook and course material to take home

☰ Learning objectives for this course

- Get acquainted with the evaluation of lung cancer screening CT scans and volumetry-based management of lung nodules
- Learn to apply the new (8th edition) TNM staging classification to imaging studies in order to stage lung cancers
- Analyse imaging findings of lung nodules in order to devise appropriate management strategies
- Evaluate features of thoracic malignancies (other than lung cancer) and their mimics to aid in proper diagnosis and management

✓ CPD

Attendees will receive a certificate showing 6 (category 1) CPD points awarded by the Royal College of Radiologists.

👤 Faculty

Staging of lung cancer - Dr Leslie Quint, Michigan Medicine, University of Michigan, USA

Imaging of other thoracic neoplasms and their mimics - Dr Sujal Desai, Kings College London, UK

CT screening for lung cancer - Dr Rozemarijn Vliegenthart, University Medical Center Groningen, the Netherlands

Assessment of lung nodules - Prof. Thomas Henzler, University Medical Center Mannheim, Germany

£ Registration Fees

ICIS members (includes coffee/tea & lunch): £335 per person

Non-members (includes coffee/tea & lunch): £385 per person

🔄 How to Register

Register online by going to icimagingsociety.org.uk and clicking the Thoracic Neoplasms button on our home page.

Or

Download the form on the reverse and post to: ICIS, 41 Waddington Way, London, SE19 3UB.

Please complete all registration details and indicate payment option. **Full payment must be received by 31st March 2018.**

Registration will not be confirmed until full payment has been received.

👤+ ICIS Membership

ICIS membership is open to all individuals with an interest in cancer imaging for only £80 per year. Join ICIS today and benefit from reduced registration fees at ICIS teaching courses. Other membership benefits include:

- Discounted registration fees for the Annual Teaching Course and ICIS interactive one day workshops
- Access to 30+ lectures from ICIS 2017, as well as all our scientific and educational posters
- 15% discount on article processing fees for our journal Cancer Imaging
- Save 20% on CRC Press radiology and oncology publications

! Important information

Reservations will only be confirmed on receipt of fully completed booking form and full payment.

A confirmation letter will be issued on receipt of full payment.

Reservations are subject to availability and will be confirmed within one week from receipt of completed booking form and full payment.

Refunds (minus an administration charge of £70) will only be made if written notification is received by 1st April 2018. Thereafter no refunds will be made.
